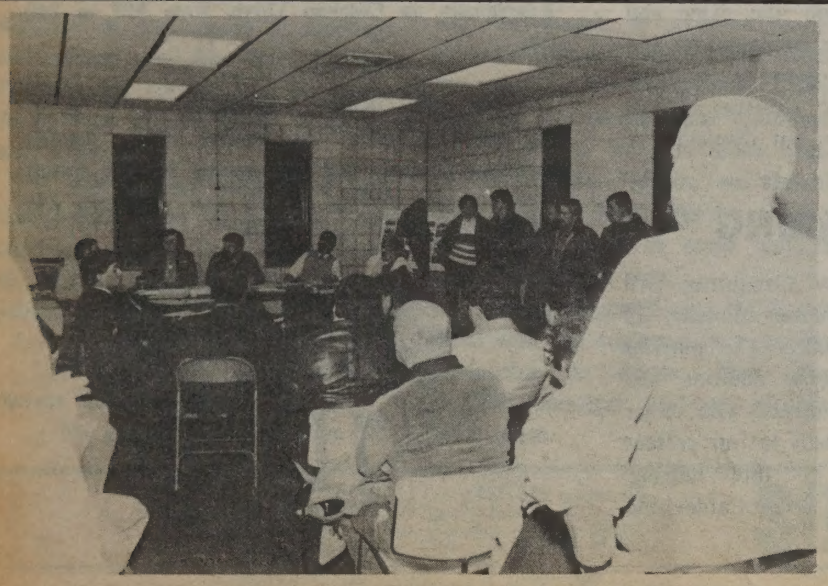
TRAFFIC ISSUE MAJOR CONCERN IN PROPOSED DEVELOPMENT



The Planning Board office at the Millbury Town Hall was the site of a Public Hearing on the application of Clearview Realty Trust, 254 Cochituate Rd. Framingham, MA, for approval of a definitive 113 lot subdivision plan entitled "Clearview Estates Subdivision" located off of Park Hill Avenue. The proposal calls for the construction of 113 duplexes on what was the site of the Clearview Golf Course. Approximately forty residents gathered to hear the proposal and ask questions of the principals making the petition.

Larry Brodeur, spokesman for Clearview Realty Trust, gave a short history of the proposal which has been ongoing since April of 1986. The proposed development will include 113 duplex units which will be serviced by water and sewers. In addition, there will be two access roads off of Park Hill Ave., and one access road off of Millbury Ave.

Rick Moore, of Rizzo Associates, addressed the environmental impact of the development which, he stated, "falls into three categories." The first of these is the physical environmental impact. Moore stated that since the development was to be serviced by water and sewers there would be "little obvious impact." The main impact, according to Moore, is drainage and storm water which will flow into an existing pond and wetland, thus eliminating any problem.

With reference to the effect the development could have on police, fire, and schools, Moore stated that since there were only 226 units in the development, they did not anticipate a need for any major capital investment. According to Moore, because of a decline in school population, they (the developer's) estimate that only one to two teachers would have to be added and that tax revenues generated by the development would pay for those increased costs. "The main capital need," Moore said, "is to provide for fire protection. We will provide fire flow pumps which will be part of the development."

The third environmental impact category was traffic volume. According to Moore, surveys were done to calculate the traffic generated by the project. Their estimate, using hand count and formulas from the ITE Manual, is roughly 3,000 trips per day of which two thirds would be by way of Park Hill and one third by way of Millbury Ave. "The engineering conclusions are that Park Hill Ave. could handle 4,000 trips per day, and the development will yield only 3,000 trips per day."

Questions from abuttors and residents challenged many of the developer's assertions and conclusions. George Buron of 11 Hayward Lane, a member of the Sewer Commission, stated that one of the sewage pumping stations on which the developers rely has not been approved and there are no plans for it at this time.

Several residents focused on traffic concerns. Robert Fisher, of 24 Park Hill Ave., stated that the street is only 33 feet wide and has no sidewalks. "High School students won't be bussed and, as it is now, there's difficulty getting two cars by." Similar concerns were expressed by Richard Wilbur, of 11 Park Hill Ave., and Town Planner, Chris Nelson. Both stated that the narrow, winding, country road would not be able to handle the increased traffic and could actually make the street more dangerous.

Commenting on the estimated increase in the number of school children, Pam Garnevich, of Orchard St., stated that if the planners estimated two children per home, it would mean 226 new pupils in the schools. Mrs. Garnevich stated that she found it difficult to accept that this would translate into the addition of only one or two new teachers.

Gary Swenson, a member of the Planning Board, asked if the developers were proposing to bring water and sewer lines in from the Heywood Glenn project now under construction off of Millbury Ave. The developer answered yes, but stated that there is no timetable nor definite plans to start.

Eric White, acting Chairman of the Planning Board, expressed the Board's concerns over the traffic impact and stated that the Board plans to have its own study done. White closed the Public Hearing by stating that the Board would consider closely the concerns raised at the meeting and would return January 26 with a decision.

SOLID WASTE COMMITTEE FINALIZES ARTICLE FOR TOWN MEETING

MILLBURY. On Monday night, January 12, the Solid Waste Committee for The Town of Millbury met for one of the last times before the Special Town Meeting to be held on February 10. One of the Articles to be considered, if approved, will begin the process of constructing a Solid Waste Transfer Station. The problems of doing this are manifold, and the Committee is sensitive to the approach they use in communicating their findings to the voters for fear that the issues might become clouded with irrelevant rhetoric and frustrate what they see as the only viable and cost effective alternative to the waste disposal problem.

Simply stated, the problem is that the Riverlin St. Sanitary Landfill is close to capacity, and the DEQE has slated it for closing in the near future. This inevitability makes finding a resolution to the waste disposal problem critical. The Committee, after extensive research, has concluded that a Waste Transfer Station is the most effective and economical solution to the dilemma. In the course of their investigation, they have met with the many town committees and officials whose authority impacts the construction of the station. The most important of those is the Finance Committee whose members will make a recommendation on the Article coming up for consideration at the Town Meeting.

According to Richard Dwinell, Chairman of the Committee on Solid Waste, "We have voted to accept first an appropriation of money to hire a consultant to draw up the plans and specifications for a transfer station. Then, when the plans are complete and the voters can see exactly what they would be getting for a station, we would go back to the Town for approval of funds for construction." The Committee feels that the Finance Committee would be agreeable to this proposal.

What concerns Dwinell and the members of his Committee is that time is rapidly running out on the Landfill. According to Dwinell, if everything proceeded smoothly, construction of the Transfer Station would take approximately sixteen months.

The Committee on Solid Waste has already conveyed its proposal to the Finance Committee and is awaiting its decision.

BURNING PERMIT

MILLBURY. Starting January 17th, Burning Permits will be available at Fire Headquarters on Elm Street from 9:00 a.m. to 1:00 p.m. - SATURDAYS ONLY.

NOTICE

BOARD OF HEALTH OUTLINES NEW REGULATIONS FOR "WHITE GOODS" DISPOSAL

MILLBURY. Because of the increased number of appliances and white goods being disposed of at the Millbury Landfill, and the limited amount of dumping space available, the Millbury Board of Health is compelled to make new regulations regarding their disposal. Beginning January 15, 1987 a disposal permit must be obtained from the Board of Health Office prior to delivery to the landfill. You must supply the name and address of where the goods are coming from and the name and address of the person transporting them to the landfill. There will be a $1.00 permit charge for any vehicle not displaying a Millbury landfill sticker.

PUBLIC HEARING

The Millbury Cable Advisory Committee will hold a public hearing on Thursday, January 22 at 7:00 p.m. at the Town Hall. The purpose will be to discuss the possible addition and deletion of channels. All concerned with either changing or maintaining channels in our present cable system should be at this hearing. Representatives from Greater Media Cablevision will also be present.

MILLBURY SELECTMEN'S MEETING DIGEST

By Edward J. Cooney

JANUARY 6, 1987

Chairman Wynton Adams opened the first Selectmen's meeting of 1987 at 7:00 p.m. In attendance were Selectmen Jude Cristo, Donald Gauthier, and Adams.

- Adams expressed his concern about giving some consideration for the installation of street lighting at the Latti Farm Industrial site. Adams noted that two building projects had begun and a third one was anticipated. No motion was voted on, but there will be consideration at some later date.

- The Board voted to accept the Minutes of two previous meetings and placed on file several other Minutes for review and discussion. Acceptance will be voted on at the next meeting.

- Adams then announced that the Special Town Meeting, as voted last week, will be held on February 10, 1987 at 7:00 p.m. in the High School Auditorium.

He then moved the Meeting to discuss "Old Business".

- No appointments were on the agenda, but Cristo inquired if an ad had been placed to solicit members needed for the Swim Study Committee. The secretary informed the Board that the ad had been placed in local papers this week.

- There was no discussion relating to the Resource Recovery Transfer Station, Blackstone Valley Dredging Project, or the Parking Lot off Elm Street.

- Cristo then stated that he had read the Boston Survey Company contract concerning the Dorothy Pond Restoration Project. His only concern was the Milestone Chart and the length of time it would take to complete the project from the start to the completion. The projected 36 month time allotment for completion was too much time, in his opinion. "Maybe we should have them in here. Maybe we can shorten the time in some way...It seems too long a time."

Adams suggested that the Board meet with the engineers in a project conference to discuss their (the board's) concerns and to provide some input.

Cristo moved to sign the contract and to follow up on Adam's suggestion to hold a meeting with B.S.C. The Board moved 3-0 in support of his motion.

- A street light request for Stowe Road was held up due to a lack of information from Mass. Electric and the Town Safety Officer.

- The Board voted 4-0 to forward to the District Nurses Association the proposed rental fee of their present space and the space requested on the third floor of the Asa Waters Mansion. The proposed rate was set at $500 per month, with no additional charge for storage space which will not necessarily be available on a permanent basis. Donnelly arrived shortly before the discussion and voted along with his colleagues.

- At 7:30, Adams requested that the members of the newly established Youth Activities Task Force Study Committee introduce themselves.

The members in attendance were: Tom Dunford, Judy Taft, Terry O'Brien, Richard LaMontagne, and Karen Dion. Adams turned the discussion over to Cristo.

Cristo noted that interest in such a study group had been an outgrowth of discussions with high school students at the annual Government Day.

The Committee's task will be to investigate and determine a possible location for a center for the youth, start-up costs, maintenance figures, range of programs to be offered, grant sources, and staffing. It is expected that the Selectmen will meet with the Committee on a quarterly basis.

Adams explained that presently there are no monies available. "We need somebody to find out what would be an appropriate place to gather."

Adams then made reference to a letter the Board recently received from a group of young people suggesting the development or building of a ramp for free-style bicycling. It was noted that this could be another consideration of the group.

The discussion closed with Adams stating that the first step to be taken was to get organized as a committee and to elect a chairman and a clerk. The Committee was then presented with copies of "Requirements of a Committee and Procedures to be Followed". Adams thanked the members for their attendance.

HIGH SCHOOL DIALOGUE

By Roger Desrosiers

ONE DOWN, TWO TO GO!

On Friday, January 16, marks will close for the second quarter. Since Monday, January 19 is a federal holiday honoring Martin Luther King, report cards will be issued on Monday, January 26. Students should return the signed report cards by Thursday, January 29.

MEETING FOR 8th GRADE PARENTS

On Tuesday, January 10, at 7:00 p.m. in the High School Media Center, parents of eighth grade students are invited to attend a meeting which will explain the subject selection process for students entering the ninth grade. Many different topics of concern to parents will be discussed. Not only will parents become aware of ninth grade offerings and requirements, but, perhaps more importantly, an entire overview of all four years of high school will be outlined. Graduation requirements, career opportunities, and college requirements will be presented. There is a great deal of information that will make your child's future more defined and understandable. Parent input is very important in deciding a child's course load, especially for those children entering high school. Therefore, we urge parents to take an active role in this process called subject selection. The aim of this meeting is to make sure that your child's course selections will be appropriate to their future, be that acceptance to a college or vocational school or to gain employment upon graduation.

SMALL ENGINES REPAIRED

Once again the Industrial Arts Department would like to offer the community the opportunity to have power equipment serviced by the Small Engines class. Anyone needing snow blowers or, for those who think warm and sunny, lawn mowers, outboard motors, chainsaws and other power equipment repaired or tuned up should call Mr. Hanratty at the High School between 9:00 a.m. and 9:30 a.m. The phone number is 865-5841.

CHRISTMAS SERVICE PROJECT

A Christmas service project was conducted by the Nursery School Teachers, Mrs. Banks and Mrs. Bunevith, High School students, Nursery School children and their families this December as they reached out and touched the elderly at Smith Nursing Home in Millbury. Contributions were made to fill a basket with gifts which was presented to the elderly on December 23.

CHILD DEVELOPMENT PROJECT

Students in Mrs. Stepien's Child Development classes have completed their second term projects. Each class member was required to design an educational game for preschoolers and to carry out this activity with the children in the nursery school. The High School students devised many creative, well-constructed, and enjoyable games which were educational experiences for themselves as well as for the children.

Outstanding games included: Block, a shape and color game by Michelle Nadeau; Baby Jar Banks Game, by Maureen Monahan; Color Match Game, by Louann Lucas; Classification Game, by Barbara Royer; Supermarket Game, by Jennifer Marshall; Animal Game, by Melissa Monahan; Alphabet Game by Melissa Field; Float and Sink Game, by Cindy Diguilio; Feeling Opposites Game, by Charles Westling; Memory Game, by Chris Foster; Shapes Game, by Norman Spring; Touch Game, by Kathy Combs; Color Board Game, by Ann Przygoda; Color Matching Game by Rob Goyette; and Hidden Number Game, by Tracy Salois.

WINTER SPORTS

BASKETBALL

FRIDAY, JANUARY 16: Boys vs. Leicester (A); 8th Grade vs. Leicester (A) at 3:15

TUESDAY, JANUARY 20: Boys vs. Grafton (H); 8th Grade vs. Whitinsville Christian (A) at 3:15

WEDNESDAY, JANUARY 21: Girls vs. Grafton (A) at 6:15

All Boys JV games begin at 6:15 and the Boys Varsity games follow around 7:30. Similarly, Girls JV games precede the Girls Varsity games.

WINTER TRACK

SATURDAY, JANUARY 17: League Meet at South High at 1:00 p.m.

MILLBURY SCHOOL COMMITTEE MINUTES

By Edward J. Cooney

JANUARY 7, 1987

Chairman Hanratty called the first meeting of 1987 to order at 7:30 p.m.

- Minutes of the last meeting were presented and approved with one correction by Bruce Pease. Alan Tuttle abstained as he was not present at the last meeting.

- Chairman Hanratty then turned the meeting over to Dr. Sylvia who in turn introduced Mrs. Frances Dupont, Chairman of the Math Department at the High School.

Mrs. Dupont presented a copy of the course offerings in Math at the High School to each School Committee member. In her presentation, Mrs. Dupont made reference to the number of levels of math courses offered to the College Board, Level 2 (average) and Level 3 (low average) students. She also noted that a new math review course will be offered for Level 2 and Level 3 students to strengthen and review basic skills, or as a third year of math. Mrs. Dupont stated that the Math Department is recommending that all students be required to take a minimum of three years of math (at present only two years are required). She explained that Level 2 and Level 3 students take math in Grade 9 and do not take it again until Grade 11 or Grade 12.

According to Mrs. Dupont, "They have forgotten a lot, which is a major reason for the scoring on a recent test (Mass. Assessment test). The College groups are set. The average and below average is where we have to work."

Dennis Leonard, a math teacher, stated that it is recommended that college bound students take four years and non-college take three years of math. "The State is leaning in that direction," he said.

Dr. Sylvia stated that Review Math was good and is taught at the Middle School. "We have to move in the area of articulation." He noted that students scored poorly statewide in the areas of geometric figures, tables and graphs.

Mrs. Cooney inquired if the Review Math would deal with basic skills and was told that it would mainly take care of sophomores.

Mrs. Cooney also asked if the Grade 8 basic skills test could be given every year. Mrs. Dupont replied, "Yes, we are looking into it. It is one of our recommendations in the Evaluation Assessment."

Mrs. Cooney then asked if there is an honors math available. Mrs. Dupont stated that there was not because there weren't enough students. She noted that they would like to have one and possibly there would be one as there are more students taking Algebra II in Grade 9. "Hopefully, we can offer Advanced Math in Grade 11, and Advanced Placement Math in Grade 12," she said.

Chairman Hanratty asked if students are grouped according to ability. Dr. Sylvia explained that there was no reason why honor students couldn't be scheduled that way. He stated that scheduling is not always an easy answer.

Sylvia stated that he hoped to have a progress report on the Assessment Task Force for the next meeting. "We all know we have a job to do. We have to do more for the average and below average."

Mr. Leonard noted that Millbury students have always done well in Math. "W.P.I. comes after Millbury students," he said.

- The meeting then turned to three items on the agenda filed by Mr. Tuttle:

1. Kindergarten age requirements.
2. The Task Force Committee - Chaired by Paul Clancy
3. Horace Mann Interim Reports

Dr. Sylvia said that a committee headed by Mr. Kelton Johnson at Elmwood St. is reviewing age requirements. It is expected that he and the Committee will be forthcoming with some definite recommendations. It was noted that

Take Credit For The Value In Your Home

Your home has undoubtedly increased in value over the years. That value represents equity that you can turn into cash to get the things you need right now.

Use this simple formula to see how much credit the equity in your home might be worth. Take the estimated value of your home and multiply by 75%. Subtract the balance due on your mortgage from that figure and you have your potential credit line from Fidelity Co-operative Bank.

Example: Value of home $100,000 × 75% minus balance on mortgage $40,000 equals $35,000 as your potential line of credit.

Call Fidelity Co-operative Bank and ask about our Fidelity Home Equity Credit Line. You deserve a lot of credit for the value in your home.

SUTTON SELECTMEN VOTE TO MEET WEEKLY

By Karen Potter

The Sutton Board of Selectmen held its first meeting of 1987 on January 6th at 8:00 p.m. After accepting the minutes of the December 16, 1986 meeting without objection, the Selectmen opened bids for assorted fire equipment. Out of five bid packages released, quotations were returned by only two bidders: Conway Associates and C&S Specialties. The bids were turned over to the Fire Department Equipment Committee whose recommendations are expected back to the Selectmen on January 20.

- The Board voted unanimously to cite Evelyn Shaw, Town Nurse, for her many years of outstanding service to her fellow citizens. It was noted that not only has she provided assistance and support for elderly citizens in the community, but she has also been the vehicle for collection and distribution of food, clothing and holiday gifts for residents in need.

- The Mutual Aid Agreement between the towns of Sutton and Oxford was signed by the Board. This Agreement holds Sutton harmless when the Fire Department sends equipment and personnel to assist the Oxford Fire Department on a call; the Agreement also works in reverse.

- In an effort to treat all Class II license holders equitably, the Selectmen will review all "unlimited" Class II licenses for the purpose of setting limits to be applied (eg. number of cars per lot).

- Steven Fay of Marble Road again came to the Selectmen to inquire about any progress that has been made with regard to closing his section of Marble Road to truck traffic. Fay said that the recent dam inspection report cites three specific areas for which, in the opinion of the dam inspector, culpability lies directly with heavy truck traffic. Chairman John Reed informed Fay that the Department of Public Works has been requested to inspect the area for possible action with regard to posting a sign. As soon as a report is received, the Selectmen will contact Fay with their decision.

- A petition, signed by sixteen individuals, was presented to the Board by the Peterson family of Uxbridge Road. The petitioners claim that noise levels coming from the TLC Dog Kennels are creating a nuisance. The Petersons were educated as to the history of the Kennel's license to operate and Wally Johnson, sympathizing with the petitioners, said, "No one has a right to have a license to create a nuisance."

John Reed suggested that, in addition to calling the Police Department to complain about the noise, the petitioners should also call the Selectman's Office so that the frequency of complaints can be documented. It was stated that this log may be useful if the matter ends up in court.

- Chairman John Reed introduced a request that the Selectmen meet every Tuesday instead of only twice monthly. Reed said that a great many matters could and should be discussed for which, given the current schedule, there is not enough time. He presented a list of topics to be covered which included the following: posting methods for all public meetings, establishment of an Industrial Commission and Finance Authority, timely preparation of tax bills, record keeping of other committees and boards, water run-off from private driveways and private property onto the public road ways, and the study of all preliminary site plans for residential developments with an eye toward community impact.

Wally Johnson moved Reed's proposal and it was passed unanimously. The first Workshop will be held Tuesday evening, January 13; the next regularly scheduled Selectmen's meeting will be held on Tuesday, January 20th.

COUNCIL FOR CHILDREN TO HOLD MEETING

The Blackstone Valley Council for Children will hold its monthly meeting on Thursday, January 29th, at 7:00 p.m. at the Hopedale Community Center. Topics to be covered include publication of the Latchkey Handbook, Child Support Enforcement Public Forum and formation of a new Family Day Care Support Group.

The public is invited to attend. For more information, please call the Office for children in Hopedale at 473-3291.

AROUN' THE TOWN AND GOLDEN AGERS UPDATE

By Lillian C. Sheehan

Folks at Centerview finally got their trip to LaSalette despite more storm warnings and though we held our breath in Millbury, wondering how much snow we would get, they actually came through a real snow storm. However, one of the highlights of the trip was a perfectly delicious meal at the Cocke'N Kettle on the way down. The gorgeous display of lights is almost impossible to describe. It's a case of "you have to see it to believe it".

The Monday night tenant's meeting covered the many activities that took place during the month of December. A review of the year's activities were touched upon briefly with future ideas discussed - possibly a "Mystery Ride" in the near future.

Happy Birthdays are in order for Dorothea Grenier on the 16th, and Ann Ethier on the 18th. Many happy returns. We hope that Ann is home from St. V's to celebrate hers.

The monthly Whist Party resumed on January 7th. It is hoped that more of the residents will join the card players, possibly win a prize, and enjoy the refreshments.

Helme Salois conducts the Bingo games on the remaining Wednesday evenings. Refreshments are served during intermission also.

Many Happy Returns to Mabel Doyon who has reached the stately age of 100!

In these days of inflation, many say, "Oh, I remember when" and they proceed to list a number of things that should relate to "the good old days". Here is an excerpt copied from The Good Old Days (were they that good?):

In 1830, building the Erie Canal, Irish immigrant laborers were paid 37 1/2 cents and a bottle of cheap whiskey for a long day.

In 1840 at Bellevue Hospital in New York City, sanitation and conditions were so vile that one year typhus and typhoid took the lives of half of the patients. One nurse slept in a bathroom with the tub full of rubbish. Rats overran the wards; one night 40 were killed in one bathroom.

Also in the 1840's - the horrible Irish Potato Famine. Some 25,000 half starved Irish died crossing the Atlantic in leaky ships.

In 1840, surgery was like a death sentence, being performed with germ laden surgical instruments, a lack of sanitation, and only the most fundamental knowledge.

In 1870, thousands of ragged, hungry, barefooted children roamed the streets of New York City sleeping in hallways and eating out of garbage pails. These conditions persisted until the Children's Aid Society was organized.

In 1880, teamsters driving horse-pulled streetcars worked 18 hours a day for $12.00 a week.

Also in 1880, New York City Tammany Hall boss, William Tweed, robbed the city coffers of $160 million during his political reign.

In 1880, children 6-16 walked miles to a one-room school house with a pot bellied stove and an outdoor privy.

From 1882-1903, thousands of blacks were tortured and executed.

In 1890, nearly 2 million children between the ages of 7 and 16 were employed in mills, mines, etc., working long hours for $1.50-$2.50 a week. The work frequently was injurious to their health and parents signed a release for $1.00, protecting the employer.

Also in 1890, Chicago's Marshall Fields' estimated income was $600.00 an hour - he paid his shop girls $3.00-$5.00 per week.

1930 - The Depression - Long soup lines, one 14 year old boy walked 30 miles to his married brother's house (who was making $14 a week) for a meal.

We now have the miracle of rapid air transportation, splendid paved roads, fine automobiles, television, radios, sound movies, fine hotels, motels, restaurants, strong protective labor unions, unemployment, social security, refrigeration, shopping centers, efficient hospitals, the best in medicine and dentistry, splendid schools, scholarships and healthy children. Let us count our blessings against "the good old days" - what was so good about them?

MILLBURY COA MENUS

WEEK OF JANUARY 19 - JANUARY 23

MONDAY: MARTIN LUTHER KING DAY

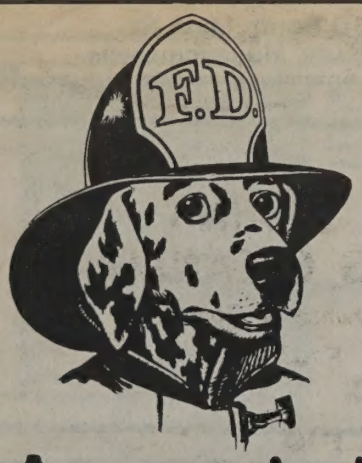
TUESDAY: Grapefruit Juice, Ziti w/Sauce, Italian Meatballs, Three Bean Salad, Italian Stick, Peaches

WEDNESDAY: Cream of Celery Soup, Baked Fish w/Newburg Sauce, Sweet Potatoes, Spinach, Rye Bread, Pears

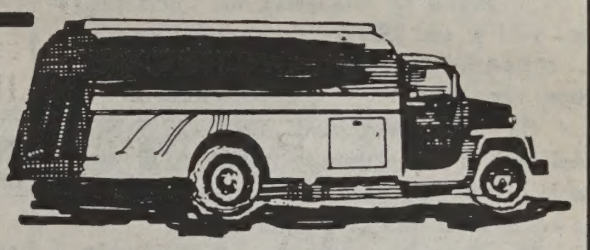
THURSDAY: Salisbury Stead w/Lo-Cal Gravy, Oven Browned Potato, Beets, Wheat Bread, Apple

FRIDAY: Barbecued Chicken, Baked Beans, Tossed Salad, Oatmeal Bread, Grapenut Pudding

DEADLINE FOR ALL SUBMISSIONS TO THE MILLBURY-SUTTON CHRONICLE IS 12:00 NOON ON SATURDAY OF THE WEEK PRIOR TO PUBLICATION.



NOTICE



As required by the Department of Public Safety (Law #CMR5278), all vehicles transporting class A & B flammable liquid must be inspected by the Fire Department.

These inspections will be done on Saturday, January 17th, at the fire headquarters on Elm Street, between the hours of 9:00 a.m. and 12:00 noon. If you fail to comply you are illegally on the road and subject to removal.

THIS IS YOUR LAST CHANCE

The Millbury Fire Department

SCHOOL from Page 5

present age requirements have a cut-off date of 5 years old as of December 31st of each year, with no exceptions.

Discussion centered around changing the date from December 31st (age 5) to September 1st (age 5).

Mrs. Cooney asked Sylvia if there would be any exceptions under the new plan. Sylvia stated that an exception would be made if a child, under age, passes a test that indicates he or she is ready.

- The Task Force Committee will be meeting next Wednesday (January 14) at the High School. Dr. Sylvia noted that Mr. Clancy would welcome anyone interested in giving assistance.

Mr. Tuttle suggested that the public be invited to come to the meetings and that they be conducted in an open manner. He thought the meetings could be very positive.

The Superintendent stated that the Task Force Committee would meet with the School Committee at the end of January.

- Dr. Sylvia stated that Horace Mann Grant teachers would submit annual reports at the conclusion of their projects. Mid-term reports will also be submitted and he indicated that they will be brought to the School Committee for their review. He also noted that the School Committee had every right to be aware of the progress on these projects.

Sylvia said, "Very excellent things are being done at all grade levels. There is nothing I have been unhappy with."

Tuttle noted that his main concern was that everyone was on target with their individual projects and that he was not in any way challenging the program.

- A brief discussion was held on the M.A.S.C. (Mass. Assoc. of School Committees) Policy Book proposal. Chairman Hanratty stated that the cost to review, codify and print all the School Committee Policies would be $6,500. Mr. Stickney noted that $5,000 was in this year's budget and $1,000 was to be included in next year's budget.

On a motion by Wilczynski, the Committee voted 4-0-1 to add $500 for the payment towards the completion of the Policy Book. Mrs. Cooney abstained.

- On an Informational Item, Dr. Sylvia stated that a comprehensive memo from Mr. Murray, concerning the Work Study Program, was available to each Committee member.

- The Committee delayed a decision until the next meeting, as to the day and time for the awarding of service pins to all long term employees of the School Department.

- The Superintendent then spoke briefly to the Committee concerning a Reading Survey conducted by Mr. Johnson, School Principal, involving several surrounding communities. It was noted that there were no significant differences in programs or scores on the Assessment Test.

Mrs. Cooney noted the differences in some of the Reading Tests used and suggested the possibility that Millbury's system was using a variety of texts, which could diffuse the emphasis on certain basic reading skills.

Mrs. Cooney also suggested that the Committee consider the implementation of a policy that would require testing in grades 2 through 12. Students who fail the basic skills test would be given remedial assistance and continue in their level until they passed the skills test.

The Committee will discuss and consider such a policy at future meetings.

At 8:35, Chairman Hanratty announced that the Committee was adjourning into Executive Session for reasons of negotiation and collective bargaining with Mrs. Joanne Stowe, Administrator of Special Services.

Upon return from Collective bargaining, the Committee reviewed and discussed the projected School Budget for 1987-88.

DATE CORRECTION

The date for the Valley Tech information program for Millbury students and parents, with regard to applying for September, 1987, has been changed from Thursday, January 22, to Wednesday, January 21.

The two hour program will start at 7:00 p.m. Included will be a discussion of the application process, a question and answer session, a brief film on vocational education, and an opportunity to tour the facilities and talk with teachers.

What's the Difference?

By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

1. A feline in the cellar and a vampire in the window frame?

A [ ][ ][ ] in the [ ][ ][ ][ ][ ][ ][ ] and a [ ][ ][ ] in the [ ][ ][ ][ ][ ][ ][ ]

2. Mailing the oolong and minding the ocean?

[ ][ ][ ][ ][ ][ ][ ] the [ ][ ][ ] and [ ][ ][ ][ ][ ][ ][ ] the [ ][ ][ ]

3. A "grave-robber's" destiny and an idiot's stride?

A [ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ] and a [ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ]

4. A jogger's salary and a quipper's clothes?

A [ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ] and a [ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ][ ]

ANSWERS: 1. A cat in the basement and a bat in the casement. 2. Sending the tea and tending the sea. 3. A ghoul's fate and a fool's gait. 4. A runner's payment and a punner's raiment.

SCHOLARSHIP DINNER AND OUTSTANDING TEACHER AWARD PRESENTATION SCHEDULED FOR JANUARY 24TH

MILLBURY. The Charles F. Minney Post Annual Scholarship Dinner and Outstanding Teacher Award Presentation will be held on Saturday, January 24th, at the post quarters. Dinner, consisting of roast beef or a hot and cold buffet, will be served at 7:00 p.m. followed by dancing at 8:00 p.m. The advance sale donation will be $10.00 and, at the door, $12.00.

This year a new scholarship will be created from the proceeds of this dinner dance. It will be given in the name of the outstanding teachers who will be honored from both the Millbury and Blackstone Valley Tech School Systems.

LITTLE LEAGUE PRESIDENT GIVES BINGO UPDATE

I wish you all a Happy New Year and a wish that this coming new year will bring Millbury Little League Bingo lots of money, but that is up to you. As of January 6, 1987 we have a balance of $1500 in the bank. We have held Bingo 12 Wednesdays starting October 1, 1986 and pausing only on Christmas Eve and New Year's Eve. The last 3 weeks before Christmas we had exactly 141 people playing Bingo each week. We need an average of about 170 people in order to make it worthwhile. At present, we are spending $150 a month for newspaper advertisements, $60 a week for a custodian at the school for 4 hours, not to mention the cost of the Bingo equipment. We still owe $1300 in loans borrowed to start Bingo, which leaves us with $200 profit.

We need your help and support in order to make our Bingo a success. We can use you. If you want to help please call me at 865-6024 after 4:00 p.m., or better still, just show up any Wednesday night at Bingo and offer your services. I would like to remind all coaches that there will be a meeting Monday, January 26, at the Town Hall at 7:00 p.m. (The 3rd Monday, 1/19/87, is a holiday). Be There!

Sincerely,
Thomas L. Dunford, Pres.
Millbury Little League

SUTTON SENIOR NEWS

MENU

Tuesday, January 20: Ziti; Wednesday, January 21: Baked Fish; Friday, January 23: Baked Chicken.

FOOD DISTRIBUTION

On Thursday, January 22, from 9-12, we will be at the Dudley-Gendron Legion Post on Boston Road to give out butter, cheese and flour to anyone on SSI, Medicaid, Fuel Assistance, Food Stamps, Veterans Benefits, AFDC, or Low Income Eligibility (within the guidelines).

TAX FREE ASSISTANCE

On February 6 and 13, you can receive help on your income taxes from 12:30-3:00. This will be by appointment only. Call the office at 865-9798 for an appointment.

FUEL APPLICATIONS

We are still taking fuel applications on Tuesdays from 9:30-12. This also is by appointment only.

ENROLLMENT

Enrollment periods run to March 31 for the Medical Insurance part of Medicare from now through the end of March. During these 3 months, people who passed up the chance for this protection or who had it and dropped it, can enroll again. Protection for people who sign up during the general enrollment period will start next July 1.

SOCIAL SECURITY

There is a representative for Social Security in Whitinsville on the third Wednesday of every month, to answer any questions or problems you may have about your social security. They are there from 9:30-1:00. Anyone may go there for help.

SITE BIRTHDAY PARTY

Once a month, usually on the second Tuesday of the month, we have a birthday party for those who celebrate their birthday during the month.

LINE DANCING

MILLBURY. Line Dancing, with Florence Gaudette, will take place every Thursday evening, beginning January 15th, at the V.F.W. Post, 16 South Main St., Millbury.

Beginners instruction will be held from 7 to 8 p.m., and the regular dance at 8 p.m. Coffee will be available and prizes will be awarded. Admission is $2.00. For further information call 852-5306.

SELECTMEN from Page 3

- The next item concerned a request for a permit to open Millbury Avenue for drainage and a sewerage connection for a building project in progress. The item was held over from last week because of a lack of information. After discussion over concerns about possible flooding and excessive water drainage at the junction of Millbury Ave. and Wheelock Ave., the Board voted unanimously not to grant the drainage connection permit.

It was suggested that Amorello be advised that the Board favored the laying of drainage pipe leading toward Howe Pond.

The Board did vote unanimously to grant a permit allowing the street opening by Amorello Construction. The permit was for a sewerage connection for the proposed development, adjacent to and behind the former Dorothy Manor School.

- The Board unanimously approved the granting of a drain layers license to R.H. White Construction Company of Auburn.

- At 8:00 p.m., Chairman Adams recognized the presence of Joseph Bianculli, Chairman and Spokesman for the Committee for a Safe and Clean Millbury.

Bianculli and the Committee had presented a petition of 250 signatures to the Town on December 16, 1986, in accordance with statutory requirements set by State Law.

The Board had voted, last week, to establish February 10, 1987 at 7:00 p.m. as the date for the Special Town Meeting.

Bianculli then presented each Selectman with a copy of the Mass. General Law. He asked why the date for the Special Town Meeting had been set beyond the allowable time under the Law. Bianculli noted that the Law is easy to read and understand and stated that it is written in language an eighth grader could comprehend. Bianculli then asked, "What is your interpretation? It states no longer than 45 days."

Adams replied that he would recite the scenario that took place. The Board did discuss a date at a previous meeting, possibly January 27th, but did not take a vote.

"Our first formal exposure to the petition," Adams said, "came to us when the Town Clerk realized that he wouldn't have the time. We had to give him as much time as possible to allow for voter registration and to assemble some input. My interpretation is a little bit different. I am not quarreling with your interpretation. We had no way of knowing until the Board of Registrars verified signatures."

Bianculli stated that he had talked to Earl Chase, Administrative Assistant to the Selectmen, and David Matson, Town Clerk. He noted that his committee had gathered 250 signatures and that he and his wife verified them from an old voting list. "Some signatures were crossed out or dropped if they were questionable. It took us only one and a half hours," said Bianculli. "The law stated that the petition be referred to the Board of Registrars and be 'certified forthwith'."

Bianculli noted that his dictionary indicated that "forthwith" meant, "right away, not two weeks".

Bianculli then asked the other Board members if they were aware of the Law. Adams asked Bianculli to direct his questions through the Chair.

Donnelly stated that he was unaware of the time consideration and questioned Bianculli as to what they (the Board) were in violation of. "The Law does not say what we are in violation of," said Donnelly.

Cristo stated that this had never been questioned before.

Bianculli explained that the Town had six days, after receipt of the petition, to verify signatures which meant that the Special Town Meeting should have been called no later than January 30th.

According to Adams, "Town Counsel agreed that we didn't act inappropriately. You make some good points. We had no intent to impact on you. In order to accommodate the Town Clerk, additional time was requested. It was suggested to us that this was appropriate. We certainly would be willing to accept any motion," said Adams.

Bianculli responded that they (the Committee) should have been extended the courtesy of being notified. "We would have been happy to accommodate any change," he said.

- After completing "Old Business", a brief discussion ensued concerning a letter from the Fire Chief relating to rate changes.

The Board moved, on a 3-1 vote, to seek further information as the letter did not express any justification for the rate changes.

- Under "Other Business" the Board discussed briefly the other Articles to be included in the Warrant. Two articles will be submitted by the Department of Public Works, one from the Solid Waste Study Committee, and one from the Fire Department. A total of 24 Articles will be on the Warrant for the February 10th Special Town Meeting. On a vote of 4-0, the Selectmen voted to close the Warrant.

Prior to adjournment, Carol Perry of the Millbury Awareness Group asked for a clarification of a vote taken at a previous meeting concerning the Lewcott Study Committee.

Adams explained that the vote taken was to continue the Committee as it was. He noted that he had made a suggestion that the Committee be expanded to include three new members who were not connected to the Lewcott problem. Adams noted that, at the time, he was speaking as an individual. The Board voted against the expansion and wanted to keep the Committee as it was.

Donnelly stated that Mrs. Perry's Committee was doing a good job. "We know what the problems are and we are willing to meet half-way."

Cristo noted that the meetings of the Lewcott Study Committee have been good, informative, sharing meetings, and should continue that way.

Mrs. Perry then asked if Jean Lewis, President of Lewcott, would be included on the Committee. Adams stated that they could not dictate to the group. "We cannot expand or add members."

The meeting then adjourned.

By

Rosemary Waltos

VCR's were a hot Holiday gift item this year. If you received a VCR, you may be interested to know that the Millbury Public Library has video cassette tapes in VHS format for you to borrow free of charge. To borrow cassettes, all you have to have is a valid library card and be over eighteen years old. All tapes circulate for one day, longer on weekends. There is a charge for overdue tapes.

Our collection is a modest, but growing one. To supplement our permanent collection, we receive a rotating collection of video cassettes each month from the Central Massachusetts Regional System. Our permanent and rotating collection together offers an assortment of children's movies, how-to's, and adult and teen full length movies, including some of your favorite movie classics.

Here's a sample of the tapes you'll find on our video shelves.

From the Regional System you'll find two Walt Disney classics. The first is The Incredible Journey featuring Bodger, the Bull Terrier; Tao, the Siamese Cat; and Luath, the Labrador Retriever, on their journey over 200 hundred miles to find home. Our other Disney flick is Storybook Classics, animated versions of stories that have endured the generations. My favorite is "Little Toot" with the Andrew Sisters singing and swinging in musical accompaniment, and the Silly Symphony's debut in the Aesop Fable, "The Grasshopper and the Ants".

Another fun video, not just for kids, is Warner Bros. Golden Jubilee 24 Karat Collection featuring the Road Runner and W.E. Coyote in "The Classic Chase".

Some of the new movies you'll find in our rotating collection include the following: the 1984-85 critically acclaimed Year of the Living Dead; academy award winning Norma Rae; and John Steinbeck's epic novel, East of Eden.

From the Library's own permanent collection, you'll find Remembering Life, narrated by Walter Cronkite. This is the story of Life Magazine and the photojournalism and photographers who chronicled American history from WWII on into the 1950's.

We also have Craig Clairborne's New York Times Video Cookbook. Meant to make your mouth water, Craig Clairborne, Food Editor for the New York Times, prepares 20 recipes from his personal recipe collection. To help you rid the pounds you put on from watching the Clairborne video we have Jane Fonda's Low Impact Exercise tape.

For kids, we have more Disney classics including Sleeping Beauty and Pinocchio. We also have this years PBS favorite, Snowman.

It's not easy selecting feature length movies since there are so many out there. We've tried to select only the best movies available. These are ones considered classics and modern classics by film reviewers and librarians.

Here's a sampling of adult and teen movies you can "checkout" at the Library: for teens, we have the 1986 movie Lucas. This movie made many reviewer's "Best of 1986" list. It's about a "sensitive 16-year-old who will do anything to win the girl of his dreams, even join the football team".

For mystery and suspense lovers, we have the Thin Man starring William Powell and Myrna Loy in one of Dashiel Hammett's most famous stories. To heighten your evening's drama, we also have the ever popular Bogart movie, Casablanca.

Some other oldies but goodies on our shelves are: The Philadelphia Story, starring Katherine Hepburn and Cary Grant; and Singin' In the Rain, with Gene Kelly.

Some not-so-old movies include Tootsie, with Dustin Hoffman, a modern-day classic and a comedy about an unemployed actor that finds himself the hottest actress in town. We also have The Natural with Robert Redford and Robert Duvall. This is a story that shows the shadows and light of the sport of baseball. Finally, to round out our collection, we have the movie Amadeus, an award winning movie about the life of Mozart.

COMING UP SOON

JANUARY 20: Story Hour Registration. Registration for the winter session of Story Hour will begin January 20 at 12 noon. Story Hour is open to 3 and 4 year olds and will be held on Wednesdays and Thursdays. If there is enough interest, a third group could be held on Fridays. For more information contact the Children's Room at 865-1181.

JANUARY 22: Investment Instruments. The Millbury Public Library and Shawmut Bank present a discussion on money market instruments available to the buyer - yields, risks, fees - and how to acquire them. Special attention will be given to how tax reform will effect this type of investing.

FEBRUARY 3 - 10:00 a.m.: Dinner at Homesick Restaurant - Discussion of this best selling and critically acclaimed book written by Anne Tyler, who also wrote Accidental Tourist. Books available at the Library.

FEBRUARY 3 - 3:30 p.m.: Graphix for Kids. This is a course for children to learn how to do simple computer graphics. This course is offered each Tuesday in February at 3:30. Registration is a must.

Also coming up in February: Friends of the Library Meeting, watercolor painting for children, and income tax assistance.

ASK YOUR VET

By Ann L. Huntington, D.M.V.

DEAR DR. HUNTINGTON: I have a 2-year-old Tabby cat who stays indoors except for the use of the balcony on sunny days.

There are outdoor cats that sometimes get onto my balcony, causing my cat to attack the window trying to get at them. For days afterward, my cat is terribly nervous and throws up after his meals. One time he was in such a frenzy while the other cats were on the balcony that he bit deeply into my leg.

At times I'm afraid to let him out to be in the sun. My cat is declawed. Is there any possible way to prevent the other cats from visiting my balcony? I tried cat repellent spray, but it didn't work. -- Susan A., Quebec

DEAR SUSAN: I'm at somewhat of a disadvantage, not knowing how high up your balcony is or how the other cats have access to it. But obviously something must be done to prevent your cat from getting so upset.

First, you should try to block the other cats' access to your balcony. If they have to ascend steps to get to it, you should erect a barrier along the lower steps. However, if that's not the situation, then I think you should routinely chase the cats away yourself, before your cat spots them. Squirting them with water from a water pistol might do the trick.

I have been told that moth balls have a repellent effect. You might try putting moth balls or flakes on your balcony. Or you could spring a couple of mousetraps (so they are ready to pop), then lay a few layers of newspaper over them. When a cat gets onto the paper the traps spring and scare the cat without harming it.

COMPASSIONATE FRIENDS TO MEET

WORCESTER. The monthly meeting of the Compassionate Friends will be held on Tuesday, January 20, from 7:30 to 9:30 p.m. at the First Baptist Church, 111 Park Ave., Worcester.

The Compassionate Friends is a self-help organization offering friendship, understanding and support to bereaved parents. This month's meeting will be an informal discussion.

For more information please contact Linda Casey at 839-6390.

BLOOD PRESSURE CLINIC

MILLBURY. On Wednesday, January 21, there will be a free Blood Pressure Clinic, open to the public, at the Linden Apartments, Pearl Street, Millbury, from 1:00 to 2:00 p.m.

On Thursday, January 22, there will be another opportunity to have blood pressure checked at a clinic at the Colonial Apartments, Colonial Drive, Millbury, from 1:00 to 2:00 p.m.

Both of these clinics are sponsored by the District Nursing Society, serving Millbury, Sutton and neighboring communities. The work of the Society is funded in part through contributions from the public. Memorial gifts are always an appropriate way to remember someone and these gifts may be mailed at any time to the District Nursing Society, 123 Elm Street, Millbury, MA 01527.

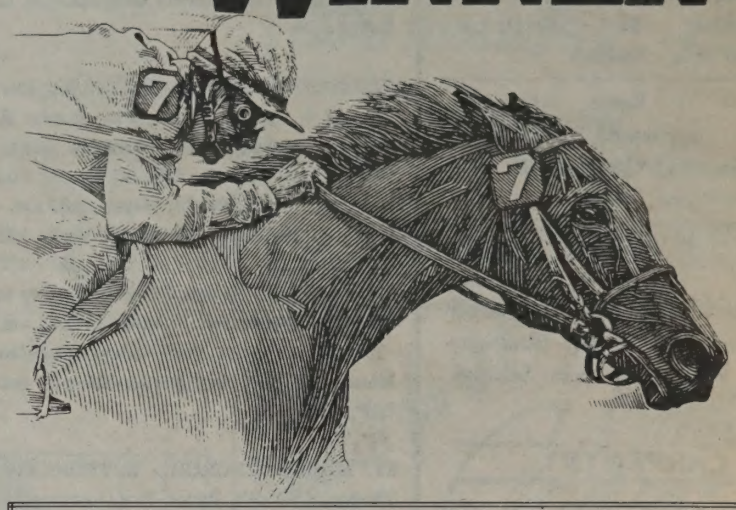
On Wednesday, January 7, Representative Paul Kollios (D–Millbury) took his oath of office at the State House in Boston for his fourth term as Representative of the 7th Worcester District. Kollios serves as Vice–Chairman of the Human Service and Elderly Affairs Committee and is being considered for its Chairmanship.

Of Kollios' many accomplishments, he is most proud of the work he has done for the elderly and is animated when he speaks of the work yet to do. "I hope to continue to address the problems which affect the elderly," he said. "They are a growing population with particular needs like long term care facilities, elderly abuse, access to new housing, expanded home care, and many, many more needs. I hope to continue, as in the past, to be a strong voice for the elderly to help them get the attention which they so justly deserve."

Kollios has also served on a multitude of other committees and commissions which address district and state–wide problems.

Kollios is currently serving on the Lewcott and Route 146 Task Forces which deal with issues of immediate concern to local residents.

GO WITH A WINNER



The number of advertisers in our paper has quadrupled since we began 9 months ago. Maybe they know something you should know?

The Millbury–Sutton Chronicle has the LARGEST CIRCULATION of any weekly NEWSPAPER covering the towns of Millbury and Sutton.

For more information call 865–1645 and ask for Gail Higginbottom

Shared the Benefits of Low-Cost Car Loans!

The Millbury Credit Union offers low rates on both New and Used Car Loans...good loans for the vehicles *you* want, with low rates available year-round.

At MCU, you can choose from a variety of options...the amount and term of the loan, with life and health insurance, if you wish.

Don't be mislead by those "low, low rates" offered by some car dealers...rates which are often inflated by such hidden factors as sticker price, trade-in value, and "dealer participation".

Make the best deal you can...and then visit the Millbury Credit Union!
